Amos forthwith to deliver up to this Board William Tyler for whose appearance when called upon he became surety —

Dec. 4, 1780.

It having been suggested to the Board that William Tyler is gone to Canada and has joined the enemy and Amos having become (sic) surety for the appearance of the said William Tyler when called upon Resolved in consequence of the said information that an order be made out and sent to the said Amos Lucas forthwith to deliver him up to this Board or to pay the Recompence money —

Tyler

Shaver, George Cochel, John Hart, James Hart, William Rogers, Nicholas Bass, William Rogers Jun., Thomas Fraser, Greger Van Iveren and John Schaver having some time since been confined by the Committee of the County of Albany for being Persons disaffected to the Cause of America and whose going at large may be dangerous to the State,

Ordered Thereupon That a Writiness be made out to keep them confined till such time as they be discharged by this Board or any other three of the Commissioners.

May 21, 1778

William Tyler and Bethuel Hunkley were ordered to be removed to the Fort on Account of their being sick.

May 22, 1778

William Tyler being very sick was ordered to be conveyed to the Hospital and the Director of the Hospital was requested to take him into his Care.

June 3, 1778

Amos Lucas appeared before the Board and produced a Recommendation from the Committee of Kingsbury setting forth that he has a good Estate and that they think him sufficient as a Bail and the said Amos Lucas requesting us that William Tyler of Kingsbury might be released on his becoming Bail for him Ordered that the said William Tyler be permitted to go at large on entering into Recognizance for good Behavior and Monthly appearance.

Amos Lucas Bail for William Tyler £100.

Ordered that the Director of the Hospital be requested to deliver William Tyler to his Bail Amos Lucas.

Sept. 16, 1780

Resolved that an order be made out directed to Amos

187

and in a few cases, both the white and black
varieties are found in the same individual.
In this case, the two colors are quite distinct
and the white is often bright and also has some
of the same small point of greater pointed
at the apex of the flower which is a small yellowish

yellow point. The black variety has a small
yellow point which may be quite pale or
yellowish white, but the black part is generally
more or less yellowish.

It has been often noted that the white variety
is more or less pale in color, but this is because it
is often yellowish.

The black variety is often yellowish white
and the white variety is often yellowish black.
The black variety is often yellowish black
and the white variety is often yellowish white.

The black variety is often yellowish black
and the white variety is often yellowish white.
The black variety is often yellowish black
and the white variety is often yellowish white.

The black variety is often yellowish black
and the white variety is often yellowish white.
The black variety is often yellowish black
and the white variety is often yellowish white.

The black variety is often yellowish black
and the white variety is often yellowish white.
The black variety is often yellowish black
and the white variety is often yellowish white.

The black variety is often yellowish black
and the white variety is often yellowish white.
The black variety is often yellowish black
and the white variety is often yellowish white.
